

Tour Code :17 UAE Iceland Water Park

Tour Overview

Ice Land Water Park finally opened its doors in September 2010 in Ras Al Khaimah, one hour's drive away from Dubai. All the other slides are great fun! Everything that includes a tube or ring will make you yell with delight. Ice Land is a beautifully-decorated, colossal water playground with a massive amount of slides, and the enchanting contrast with Ras Al Khaimah's harbor and desert landscape puts this venture up there with the world's most atmospheric theme parks. My favorite slide is the 'Aqua Shute' that has you bounce across the water's surface like a skimmed little stone all the way to the end of the long splash pool. Laudable, as well, is the generous addition of unusual water park features like a full-size swimming pool, a massive water-fall to cool down beneath and a huge water soccer field. Ice Land greets you with thousands of plastic penguins portraying every possible emotion a penguin can have - what a grandiosely gonzo impression when you picture the contrasting walled Middle Eastern villas surrounding it. There are more penguins in the park than people on the street, creating an artificial vitality that elevates this venture to the status of a missing city center in this remote outpost of RAK. Now that is a vision!

Inclusions

- Pick up & drop back will be provided from Dubai only.
- Pick up from other emirates are available at an extra charge.
